## Carrelli portapiatti - Dish carts

I carrelli portapiatti, stampati in polietilene, aiutano ad evitare le sbeccature dei piatti durante il trasporto degli stessi, anche grazie agli angoli arrotondati sia all'interno che all'esterno. I separatori regolabili permettono ai carrelli di accomodare piatti di dimensioni diverse: usare 2-4 divisori per piatti da 254 mm o dimensioni maggiori, 6 divisori per piatti da 203-248 mm, 8 divisori per piatti da 196 mm o inferiori. Dotati di due ruote da 127 mm e due da 254 mm garantiscono un facile scorrimento. Tutti i carrelli vengono forniti completi di protezione igienica in vinile.

The polyethylene dish caddies prevent dishes from chipping during the transport and the external and internal rounded corners protect. Your furnitures. Adjustable dividers allow dollies to hold plates: use 2-4 dividers for 254 mm or larger plates, 6 dividers for for 203-248 mm plates, 8 dividers for 196 mm or smaller plates. The casters. Two 127 mm and two 254 mm. Make a very easy handling. All these caddies are shipped already fixed and with a vinyl hygenical cover.
